Explanatory Note Concerning Manuscript Collections Cataloged in the Card Catalog

Prior to 1990 when archival cataloging procedures were adopted at the Ransom Center, all manuscript collections were described in a card catalog.

Organization of Collections:

- Manuscripts for each author collection were organized into four categories:
- **Works:** manuscripts by the author, arranged alphabetically by title;
- **Letters:** the author's outgoing correspondence, arranged alphabetically by recipient name;
- **Recipient:** the author's incoming correspondence, arranged alphabetically by the author of the letter; and
- **Miscellaneous:** all other manuscripts and correspondence, arranged alphabetically by creator.

Materials that did not fit into these categories, such as art, photographs, books, and near-print materials such as newspaper clippings, were dispersed to other Ransom Center collections for cataloging and storage.

Abbreviations Used in Descriptions:

The symbols below were used in combinations. For example **ALS** means autograph letter signed; **Tccms** means typed carbon copy manuscript, etc.

- **A** = autograph (i.e., handwritten)
- **T** = typed
- **S** = signed
